Updates on Local Economy

Foreign exchange reserves fall to new low-According to the International Monetary Fund's (IMF) balance of payments and investment position manual, Bangladesh's foreign currency reserves have experienced a further decline. To ensure accurate reporting of the country's dollar stockpile, the central bank began publishing the gross international reserves (GIR) on July 12, revealing a value of \$23.58 billion. However, on July 19, the GIR fell to \$23.45 billion, reflecting the ongoing strain on Bangladesh's reserves due to increased imports compared to lower-than-expected export earnings and remittances.

Bangladesh poised for a surge in Japanese investment-During a summit on "Bangladesh-Japan Economic Relations for the Next 50 Years," Yasutoshi Nishimura, Japan's economy, trade, and industry minister, expressed the belief that Bangladesh has the potential to attract Japanese companies relocating their operations to different parts of Asia. Honda, a Japanese company, has already established a factory in Bangladesh, and BJIT, an IT firm, has begun production in the country. The economic relationship between Bangladesh and Japan will be based on three pillars: Bangladesh's industrial upgradation, the shift of Japanese companies, and a realistic energy transition. Both countries are also working towards signing an Economic Partnership Agreement (EPA) to accelerate trade and investment, with a joint study expected to be completed soon.
