Updates on Local Economy

Clean-Note Policy Aims to Improve Currency Quality-Bangladesh Bank has introduced a new clean-note policy, the first of its kind in the country, aimed at providing citizens with high-quality notes while removing worn-out ones from circulation. To efficiently implement this policy, the central bank has installed three high-speed automatic note-sorting machines at its headquarters in Dhaka and Bogura office, streamlining the process and replacing the time-consuming traditional destruction system. The bank plans to install more such machines in all branches to sort out old and unusable notes, and it also emphasized the importance of motivating people to take care of notes and avoid damaging practices to extend their lifetime. Furthermore, the policy aims to print long-lasting notes using quality materials and ensures easy exchanges for torn or old notes at banks to maintain aesthetic and clean currency representations.

Bangladesh Bank's Dollar Sales Continue to Rise Amid Banks' Unrelenting Demand-Bangladesh Bank is facing increasing demand for the US dollar from commercial banks, despite a gradual rise in their forex portfolios. The central bank has been continuously selling dollars from its limited reserves to meet the banks' foreign currency obligations. As of July 19, 2023, the gross volume of forex reserves is \$29.85 billion, but the net volume under the IMF's BPM6 manual is lower at \$23.45 billion, slightly below the IMF's earmark set in a \$4.7 billion loan package the government accepted to replenish forex reserves.
